113. EB-5 IMMIGRANT INVESTOR PROGRAM MODERNIZATION

EO 13771 Designation: Other

Legal Authority: 8 U.S.C. 1153(b)(5)

Abstract: In January 2017, the Department of Homeland Security (DHS) proposed to amend its regulations governing the employment-based, fifth preference (EB-5) immigrant investor classification. In general, under the EB-5 program, individuals are eligible to apply for lawful permanent residence in the United States if they make the necessary investment in a commercial enterprise in the United States and create or, in certain circumstances, preserve 10 permanent full-time jobs for qualified U.S. workers. This rule sought public comment on a number of proposed changes to the EB-5 program regulations. Such proposed changes included: raising the minimum investment amount; allowing certain EB-5 petitioners to retain their original priority date; changing the designation process for targeted employment areas; and other miscellaneous changes to filing and interview processes.

114. REGISTRATION REQUIREMENT FOR PETITIONERS SEEKING TO FILE H-1B PETITIONS ON BEHALF OF CAP SUBJECT ALIENS

EO 13771 Designation: Other

Legal Authority: 8 U.S.C. 1184(g)

Abstract: The Department of Homeland Security proposes to amend its regulations governing petitions filed on behalf of H-1B beneficiaries who may be counted under section 214(g)(1)(A) of the Immigration and Nationality Act (INA) ("H-1B regular cap") or under section 214(g)(5)(C) of the INA ("H-1B master's cap"). This rule proposes to establish an electronic registration program for petitions subject to numerical limitations for the H-1B nonimmigrant classification. This action is being considered because the demand for H-1B specialty occupation workers by U.S. employers has often exceeded the numerical limitation. This rule is intended to allow U.S. Citizenship and Immigration Services (USCIS) to more efficiently manage the intake and selection process for these H-1B petitions. The Department published a proposed rule on this topic in 2011. The Department intends to publish an additional proposed rule in 2018. The proposal may include a modified selection process, as outlined in section 5(b) of Executive Order 13788, Buy American and Hire American.

Abstract: The Coast Guard proposes to amend its rule on vessel financial responsibility to include tank vessels greater than 100 gross tons, to clarify and strengthen the rule's reporting requirements, to conform its rule to current practice, and to remove two superseded regulations. This rulemaking will ensure the Coast Guard has current information when there are significant changes in a vessel's operation, ownership, or evidence of financial responsibility, and reflect current best practices in the Coast Guard's management of the Certificate of Financial Responsibility Program. This rulemaking will also promote the Coast Guard's missions of maritime stewardship, maritime security, and maritime safety.

116. COMMERCIAL FISHING VESSELS—IMPLEMENTATION OF 2010 AND 2012 LEGISLATION

EO 13771 Designation: Other

Legal Authority: Pub. L. 111-281

Abstract: The Coast Guard proposes to implement those requirements of 2010 and 2012 legislation that pertain to uninspected commercial fishing industry vessels and that took effect upon enactment of the legislation but that, to be implemented, require amendments to Coast Guard regulations affecting those

vessels. The applicability of the regulations is being changed, and new requirements are being added to safety training, equipment, vessel examinations, vessel safety standards, the documentation of maintenance, and the termination of unsafe operations. This rulemaking promotes the Coast Guard's maritime safety mission.

EO 13771 Designation: Not subject to, not significant

Legal Authority: 33 U.S.C. 1226; 33 U.S.C. 1231; Pub. L. 111-281, sec. 811

Abstract: This regulatory action will implement section 811 of the Coast Guard Authorization Act of 2010 (Pub. L. 111-281), which requires the owner/operator of a facility regulated by the Coast Guard under the Maritime Transportation Security Act of 2002 (Pub. L. 107-295) (MTSA) to provide a system that enables seafarers and certain other individuals to transit between vessels moored at the facility and the facility gate in a timely manner at no cost to the seafarer or other individual. Ensuring that such access through a facility is consistent with the security requirements in MTSA is part of the Coast Guard's Ports, Waterways, and Coastal Security (PWCS) mission.

118. IMPORTER SECURITY FILING AND ADDITIONAL CARRIER REQUIREMENTS (SECTION 610 REVIEW)

EO 13771 Designation: Regulatory

Legal Authority: Pub. L. 109–347, sec. 203; 5 U.S.C. 301; 19 U.S.C. 66; 19 U.S.C. 1431; 19 U.S.C. 1433 and 1434; 19 U.S.C. 1624; 19 U.S.C. 2071 (note); 46 U.S.C. 60105

Abstract: This final rule implements the provisions of section 203 of the Security and Accountability for Every Port Act of 2006. On November 25, 2008, Customs and Border Protection (CBP) published an interim final rule (CBP Dec. 08–46) in the Federal Register (73 FR 71730), that finalized most of the provisions proposed in the Notice of Proposed Rulemaking. It requires carrier and importers to provide to CBP, via a CBP approved electronic data interchange system, certain advance information pertaining to cargo brought into the United States by vessel to enable CBP to identify high-risk shipments to prevent smuggling and ensure cargo safety and security. The interim final rule did not finalize six data elements that were identified as areas of potential concern for industry during the rulemaking process and, for which, CBP provided some type of flexibility for compliance with those data elements. CBP solicited public comment on these six data elements and also invited comments on the revised Regulatory Assessment and Final Regulatory Flexibility Analysis. (See 73 FR 71782-85 for regulatory text and 73 CFR 71733-34 for general discussion.) The remaining requirements of the rule were adopted as final.

119. IMPLEMENTATION OF THE GUAM-CNMI VISA WAIVER PROGRAM (SECTION 610 REVIEW)

EO 13771 Designation: Fully or Partially Exempt

Legal Authority: Pub. L. 110-229, sec. 702

Abstract: The interim final rule amends Department of Homeland Security (DHS) regulations to implement section 702 of the Consolidated Natural Resources Act of 2008 (CNRA). This law extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a joint visa waiver program for travel to Guam and the CNMI. This rule implements section 702 of the CNRA by amending the regulations to replace the current Guam Visa Waiver Program with a new Guam-CNMI Visa Waiver Program. The amended regulations set forth the requirements for nonimmigrant visitors who seek admission for business or pleasure and solely for entry into and stay on Guam or the CNMI without a visa. This rule also establishes six ports of entry in the CNMI for purposes of administering and enforcing the Guam-CNMI Visa Waiver Program. Section 702 of the Consolidated Natural Resources Act of 2008 (CNRA), subject to a transition period, extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a visa waiver program for travel to Guam and/or the CNMI. On January 16, 2009, the Department of Homeland

Security (DHS), Customs and Border Protection (CBP), issued an interim final rule in the Federal Register replacing the then-existing Guam Visa Waiver Program with the Guam-CNMI Visa Waiver Program and setting forth the requirements for nonimmigrant visitors seeking admission into Guam and/or the CNMI under the Guam-CNMI Visa Waiver Program. As of November 28, 2009, the Guam-CNMI Visa Waiver Program is operational. This program allows nonimmigrant visitors from eligible countries to seek admission for business or pleasure for entry into Guam and/or the CNMI without a visa for a period of authorized stay not to exceed 45 days. This rulemaking would finalize the January 2009 interim final rule.

120. SECURITY TRAINING FOR SURFACE TRANSPORTATION EMPLOYEES

EO 13771 Designation: Other

Legal Authority: 49 U.S.C. 114; Pub. L. 110–53, secs. 1405, 1408, 1501, 1512, 1517, 1531, and 1534

Abstract: The 9/11 Act requires security training for employees of higher-risk freight railroad carriers, public transportation agencies (including rail mass transit and bus systems), passenger railroad carriers, and over-the-road bus (OTRB) companies. This final rule implements the regulatory mandate.

Owner/operators of these higher-risk railroads, systems, and companies will be required to train employees performing security-sensitive functions, using a curriculum addressing preparedness and how to observe, assess, and respond to terrorist-related threats and/or incidents. As part of this rulemaking, the Transportation Security Administration (TSA) is expanding its current requirements for rail security coordinators and reporting of significant security concerns (currently limited to freight railroads, passenger railroads, and the rail operations of public transportation systems) to include the bus components of higher-risk public transportation systems and higher-risk OTRB companies. TSA is also adding a definition for Transportation Security-Sensitive Materials (TSSM). Other provisions are being amended or added, as necessary, to implement these additional requirements.

121. VISA SECURITY PROGRAM FEE

EO 13771 Designation: Other

Legal Authority: 8 U.S.C. 1356

Abstract: ICE seeks to enable the expansion of the Visa Security Program (VSP) by proposing to move it to a user-fee funded model (as opposed to relying on appropriations). The VSP leverages resources in the National Capital Region (NCR) and at U.S. diplomatic posts overseas to vet and screen visa applicants; identifies and prevents the travel of those who constitute potential national security and/or public safety threats; and launches investigations into criminal and/or terrorist affiliated networks operating in the U.S. and abroad. The fees collected as a result of this rule would fund an expansion of

the VSP, enabling ICE to extend visa security screening and vetting operations and investigative efforts to more visa-issuing posts overseas, and in turn, enhance the U.S. government's ability to prevent travel to the United States by those who pose a threat to the national security interests of the U.S.

122. PROCEDURES AND STANDARDS FOR DECLINING SURETY IMMIGRATION BONDS AND ADMINISTRATIVE APPEAL REQUIREMENT FOR BREACHES

EO 13771 Designation: Not subject to, not significant

Legal Authority: 8 U.S.C. 1103

Abstract: U.S. Immigration and Customs Enforcement (ICE) proposes to set forth standards and procedures ICE will follow before making a determination to stop accepting immigration bonds posted by a surety company that has been certified to issue bonds by the Department of the Treasury when the company does not cure deficient performance. Treasury administers the Federal corporate surety program and, in its current regulations, allows agencies to prescribe "for cause" standards and procedures for declining to accept new bonds from Treasury-certified sureties. ICE would also require

surety companies seeking to overturn a breach determination to file an administrative appeal raising all legal and factual defenses.

Abstract: ICE will publish a final rule to adjust fees that the Student and Exchange Visitor Program (SEVP) charges individuals and organizations. In 2017, SEVP conducted a comprehensive fee study and determined that current fees do not recover the full costs of the services provided. ICE has determined that adjusting fees is necessary to fully recover the increased costs of SEVP operations, program requirements, and to provide the necessary funding to sustain initiatives critical to supporting national security. The final rule will adjust fees for individuals and organizations. The SEVP fee schedule was last adjusted in a rule published on September 26, 2008.

124. APPREHENSION, PROCESSING, CARE AND CUSTODY OF ALIEN MINORS AND**UNACCOMPANIED ALIEN CHILDREN**

EO 13771 Designation: Other

Legal Authority: 8 U.S.C. 1103; 8 U.S.C. 1182; 8 U.S.C. 1225 to 1227; 8 U.S.C. 1362

Abstract: In 1985, a class-action suit challenged the policies of the former Immigration and Naturalization Service (INS) relating to the detention, processing, and release of alien children; the case eventually reached the U.S. Supreme Court. The Court upheld the constitutionality of the challenged INS regulations on their face and remanded the case for further proceedings consistent with its opinion. In January 1997, the parties reached a comprehensive settlement agreement, referred to as the Flores Settlement Agreement (FSA). The FSA was to terminate five years after the date of final court approval; however, the termination provisions were modified in 2001, such that the FSA does not terminate until 45 days after publication of regulations implementing the agreement.

Since 1997, intervening statutory changes, including passage of the Homeland Security Act (HSA) and the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (TVPRA), have significantly changed the applicability of certain provisions of the FSA. The rule would codify the relevant

and substantive terms of the FSA and enable the U.S. Government to seek termination of the FSA and litigation concerning its enforcement. Through this rule, DHS, HHS, and DOJ will create a pathway to ensure the humane detention of family units while satisfying the goals of the FSA. The rule will also implement related provisions of the TVPRA.

EO 13771 Designation: Other

Legal Authority: 6 U.S.C. 488 et seq.

Abstract: This rulemaking will implement the December 2007 amendment to the Homeland Security Act entitled "Secure Handling of Ammonium Nitrate." The amendment requires the Department of Homeland Security to "regulate the sale and transfer of ammonium nitrate by an ammonium nitrate facility...to prevent the misappropriation or use of ammonium nitrate in an act of terrorism." DHS intends to publish a

notice announcing the availability of a redacted version of a technical report developed by Sandia National Laboratories titled Ammonium Nitrate Security Program Technical Assessment. The report documents Sandia National Laboratories' technical research, testing, and findings related to the feasibility of weaponizing commercially available products containing ammonium nitrate. DHS intends to use this notice to solicit comments on the report and its application to the proposed Ammonium Nitrate Security Program rulemaking.
